**Case Number: 07-555**

Dear Judge Farnan:

I am writing this letter because Defendant has just filed a Motion to extend discovery deadline. My stand is as the following: If discovery requests filed before 6/16/2008 will be honored to be continued until they are fully completed and discovery requests toward third parties are not confined by this deadline, then there is no need to extend discovery deadline and this Motion should be denied. Otherwise, I request to extend discovery deadline to another 90 days beyond 6/16/2008. The cause for this long extension request comes from my discovery experience with Defendant in this case. Defendant has done a 'good' job to delay responses to my discovery requests. For example, I have not got responses to some of my discovery requests up to this point after they were filed more than two months. Since I plan to send discovery requests to some third parties after receiving responses from Defendant to my discovery requests, a 90 day extension will be necessary to overcome some expected delays to complete my discovery process without further motions that will cost time and money of the Court.

Please send me a letter or give me a call at 610-407-9217 for any issues. I can also be reached through email at [peterzhang9999@yahoo.com](mailto:peterzhang9999@yahoo.com). If you need more information, please feel free to contact me. Thank you very much.

Sincerely,
